Sisters at Old Town North Alexandria

New restaurant adds Old town North Alexandria.

With its bookcase-lined walls, artfully-arranged floral pillows, bone china tea cups and fresh flowers, the newest restaurant in Sisters has now had a collaboration with Magnolia Dessert Bar & Coffee in the location in Old town Alexandria.

“I always wanted a dessert corner in my restaurant”

“I always wanted a dessert corner in my restaurant.” Tammie Disayawathana always wanted to have a dessert bar in her restaurant, and she found an opportunity to do so in her new restaurant. In 2017, Tammy opened a dessert cafe in Vienna, VA, named Magnolia Dessert Bar & Coffee. In the new location of Sisters Thai which is here in Alexandria, has now collaborated with Magnolia Dessert Bar & Coffee to have a dessert corner in the restaurant. “If someone was to ask “What is Sisters Thai?” I would say it’s a Thai restaurant with amazing dessert” says Tammie Disayawathana.

Sisters Thai Come to Town

Tammie and Jaturon are at it again! Here at Old town Alexandria with a new restaurant. “I found potential and the opportunity here” said Tammie & Jaturon. They saw and loved the characteristics of Alexandria and wanted expand the Sisters locations, and also it’s the biggest restaurant they have.

The 4th Sisters Cup Has Come To An End!

The Sisters Cup is a League held every year, since 2017, and the purpose of The Sisters Cup is to create a stronger Thai community in the DMV. These years The Sisters Cup has only had Thai people, but Jaturon said he wants to go international, and includes all people who has a passion to play soccer.

This year the League had 4 teams playing at the field. The 1st team is Sisters Thai (Thai restaurant, they have 4 locations in VA & MD), 2nd team is Crystal Thai (Thai restaurant in Arlington), 3rd team is Thai Ghang Waan (Thai restaurant in Springfield), and last but definitely not least the 4th team is INET (P.O.S system). This year the INET has won The Sisters Cup!

THAI STREET FOOD

The proliferation of Thailand's street food culture is attributed to both internal and external factors: the Thai way of life that revolved around agriculture and food production, the rich culinary tradition, the readily accessible and affordable food is engrained in Thai culture, rapid urbanization that created local demand and subsequently opportunities in food service especially in urban areas, as well as rising demand for local foods by foreign visitors.

Tammie in a comfortable posture waiting to welcome customers in the Alexandria location

Sisters Alexandria

With the great opportunity that we got from Edens, We don't have to considering long to say yes to this project! We have partnered with them since 2015, with the great relationships, we have no doubt to just rock it! All the pictures already came to my head when it come to Old Town Alexandria, now the question is what is it we wanted to do and how?

4500 sf is something that quite big for us because my first Sisters location was born in 2012 in Fairfax City with the tiny 40 seat restaurant, after that we have expanded sisters 2 to the busy Mosaic districts location in 2015 and last year we launched the Cabin John in Potomac as the 3rd location.

Alexandria will be the great spot to be our 4th Sisters Thai location for us because it's on the other side of VA and I think Sisters Thai will make it through with our longtime quality foods that we know that our fans will be there for us.

We wanted to give this space a great and special addition by added my local dessert shop that I have in Vienna VA called Magnolia Dessert Bar & Coffee, Magnolia has special characteristics that people will fall in love with very easily, I can tell, so the concept of putting 2 stores in one space has begun, so we created Sisters Thai space and put Magnolia shop inside

At Sisters Thai, we are well known about the decor and of course we have to bring our signature bookshelf and King of Thailand portrait into the space, we decided to paint him on the brick wall instead of oil paint on canvas like usual. Sisters Thai theme is like the sisters are now grown up strong and confident that's why she look more deep in color and tone.

Magnolia shop is presenting feminine side of the space! Girls and women who loves to eat out with her friends. We find the flowers is the key to make it stand out because I have put some flower decor from the original one in Vienna to here. We created the flower pieces on the entrance we called "Magnolia Grand Garland" by putting beautiful silk flowers to make it a Spot for picture that I hope people are going to enjoy!

We wanted to provide the best ambiance that our guests will enjoy every single minute while dining with us, 15 feet high ceiling, marble and reclaimed wood table top to Thanks our guests for all their supports.

The dessert shop has a full ability to do something like the original one in Vienna. Magnolia has both desserts and drinks. Our desserts are made to order as well as our drinks.

Customers will be able to get both menus from the hostess or you can come and just have dessert if you want. This space has a lot of effort and a lot of memory to us. It came out like what we expected even the situation is not normal. We will be here and continuing to make our dreams come through. We hope you guys are going give us a try and love it!

Thanks
Tammie
